May 25, 2013

Greetings,

The publishers of the PCAT have developed a **NEW Official PCAT Writing Test and Study Guide** to provide candidates a unique opportunity to prepare for the actual PCAT. Three total components will be available in June 2013 for purchase at PCATweb.info:

- **NEW PCAT Writing Practice Tests**—Four different writing prompts allow candidates to compose essays on topics like on the PCAT, have their essays scored electronically, and immediately receive a score report with results.

- **NEW PCAT Study Guide**—A 150-page booklet contains detailed information about the structure and contents of the PCAT, scoring information, and sample items for the five multiple-choice subtests and the Writing subtest (formerly on Practice Test 1).

- **PCAT Multiple-Choice Practice Tests**—Three complete sets of five multiple-choice subtests include items like those you will find on the actual test, provide explanations for each item, and allow a printed diagnostic score report with results.

Purchases will provide access to all test preparation components purchased from the date of purchase until January 31 of the following year, when the current annual test cycle ends.

If your program would like to request additional brochures, please email PCAT Customer Relations at Scoring.Services@Pearson.com and we will forward additional copies.

Thanks again for your continued support!

Sincerely,

Cindy Agonis
Manager, Post-Secondary Education
