Faculty and Course Evaluations

Faculty Evaluations. You will receive an email from the Curricular Affairs Office requesting that you complete the faculty evaluations. If the course is team-taught, you will receive emails during the semester to alert you when to evaluate the
faculty members. Please complete your faculty evaluations by the specified date and time by logging in with your GatorLink account at the following site:

https://evaluations.ufl.edu

Faculty evaluations are important feedback for your course instructors and the University and receive major consideration in the tenure and promotion process. Your input via evaluations can make a difference in our College’s teaching activities, so participate, evaluate and our College will be better for it.

The online faculty evaluation system is completely anonymous. When you submit an evaluation, the system marks that you have submitted an evaluation for the section (so you cannot submit multiple evaluations), but from that point on, there is no connection between you and the evaluation data. Faculty evaluations also provide useful information for students. The results of your evaluation input are made available to all students in future semesters at: http://www.aa.ufl.edu/aa/evaluations/search/.

Course Evaluations. In the last few weeks of the course, you will receive an email with directions for completing a course evaluation. Note, course evaluations provide feedback that is different from the Faculty evaluations and both are very important to continuous improvement of our program. Course evaluations are used by the College to identify how to improve the how the course is designed and delivered. Therefore, our Courses will be better through your completion of these evaluations. You will complete Course Evaluations via a website that is different from Faculty Evaluations. These evaluations are also anonymous.
